The Bolt Goggles are designed with silicone eye gaskets to provide a watertight seal - Creating the most comfortable competitive goggle. Designed to be worn in both practice and competition, the adjustable split-strap distributes pressure evenly around the head. The Bolt goggles come with three interchangeable nosepieces and an adjustable strap for a universal fit.

CUSTOM FIT

Three Interchangeable nose pieces to accommodate all face shapes

LOW PROFILE LENSES

Designed for competition to reduce drag and increase speed

SILICONE GASKET

Provides added comfort and a watertight seal

DUAL SILICONE STRAP

Distributes pressure evenly around head
