25, 26, 27, 28, 29, 30, 32, 34
*Recommended: size down 1-2
sizes from training suit size*

VERSATILE FIT

Bonded seams and durable features
offer the most universal fit

WELDED SEAM TECHNOLOGY

Bonded seams reduce drag and
friction throughout the suit

PRODUCT DESCRIPTION

The Fuse technical racing suit is an introductory-level racing suit that offers elite-level results. The Fuse is constructed with a unique hydro-reflective textile to provide UVA/UVB protection. The resilient properties of the fabric ensure a comfortable fit and reduce drag. The suit is designed to provide flexible compression without limiting range of motion. The bonded seams and durable features of the Fuse offer a versatile and universal fit. Designed in California at the FINIS Stroke Lab.
