

ZOOMERS® GOLD

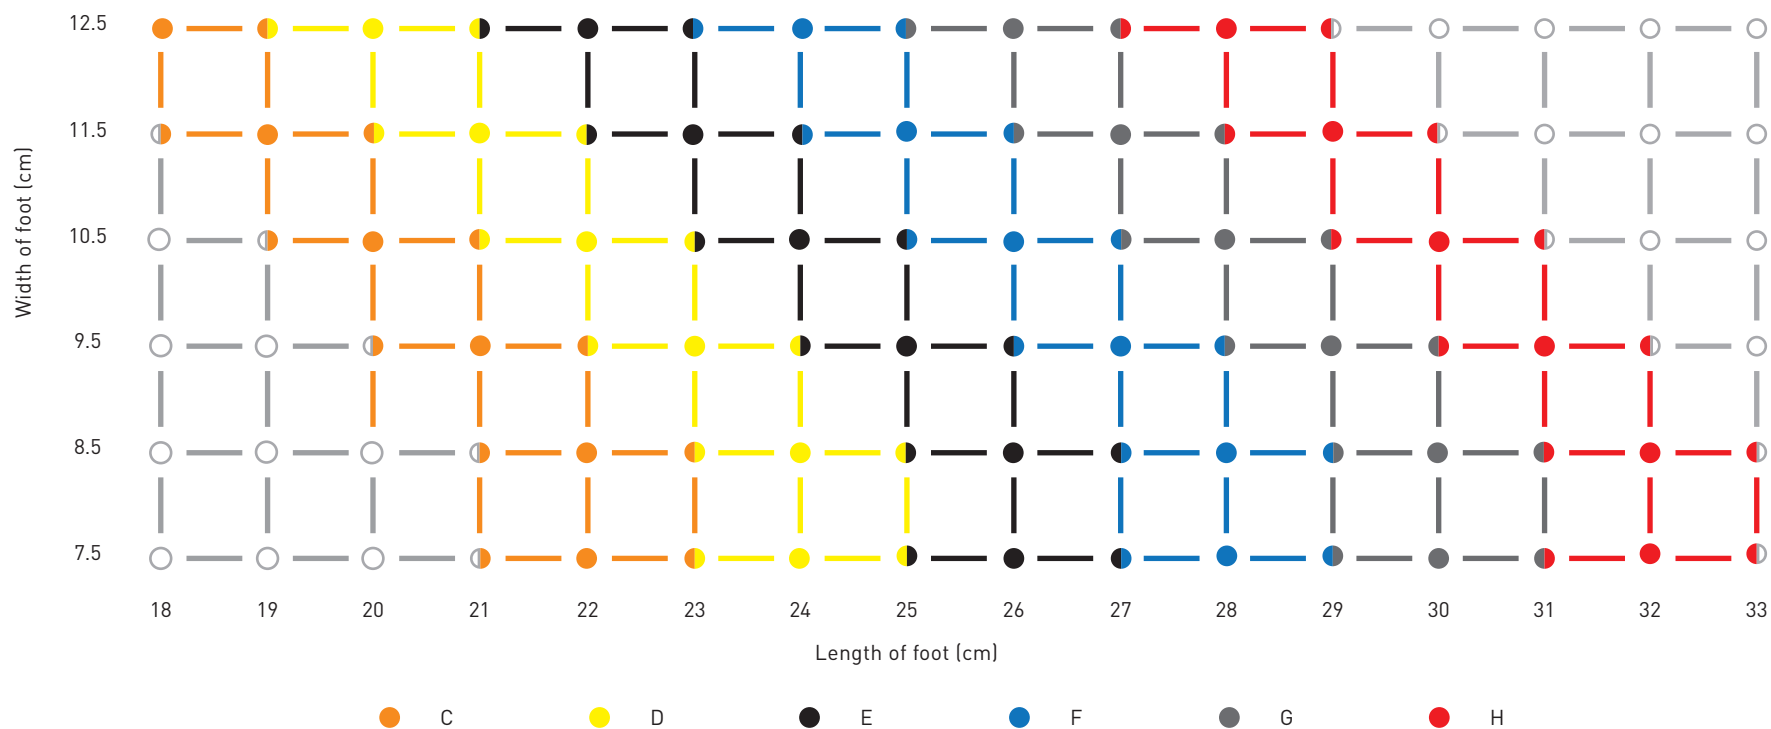

VISUAL REFERENCE GUIDE

INSTRUCTIONS:

1. Measure length of foot in centimeters (from heel to longest toe)
2. Measure width of foot in centimeters (from ball of foot to outer side)
 - For more accurate sizing, have someone assist with taking the measurement
3. Plot foot length and width on chart to determine fin size

HELPFUL HINTS:

- Check foot width prior to determining final fin size
- Fit should be determined by intensity of swim
 - A tighter fit is necessary for a fast pace
 - A looser fit can be worn for leisurely swimming
- If you are between colors on chart, use foot width to determine comfort level
 - Larger foot width generally sizes up
